—E. W. and G. A. Willman were visitors at their summer cottage this week.

—N. B. Sanborn's ad came in too late for this issue. Watch for it next week. It will interest you.

—F. B. Pease and daughter Bertha attended the public meeting at New Hampton Institute Friday.

—Robins have made their appearance. All we need now is the advent of an organ grinder to convince us that spring is near at hand.

—Thos. Batchelder and wife have returned from Holbrook, Mass., and will take up their residence in Meredith.

—Wanted, a male cook. Apply at Town Hall next Wednesday evening. New sugar served to all. Bring 15c.

—The time is limited to April 1st for French to give the people extra bargains for cash. He has marked the remainder of his goods away under cost to close.

—There will be an entertainment, sugar party and promenade concert in the Town Hall next Wednesday evening, under the auspices of Winesap Grange. Admission 15c. All are cordially invited.

—Mr. Mason, 82 years of age, a life-long resident of Sanborn, perished on Lake Winnepesaukee, Tuesday night, on his way home. He was found in his sleigh. He had unhitched his horse, probably with the idea that the animal would go home and search would then be instituted, but the horse wandered about the lake.

—A party of snowshoe enthusiasts spent Monday at New Point Comfort. They were conveyed there by Mr. D. W. Coe and Mr. F. W. Towle, who very kindly opened his cottage to the party. Mr. Towle went on ahead, so that when Mr. Coe, with his four-seated sleigh full, drawn by the spirited span, Dinah and Kate, arrived, fires were burning in the great stoves and in the artistic fire place. Soon the snowshoes were strapped on, and the party crossed the lake to White Mountain park. As the recent rains had washed every cloud from the sky, the day was perfect, and the snowshoe view from the top of Mt. Mansfield's tower was charming. Mt. Washington, glistening white against the sky, was more magnificent than any one of the party had ever seen it before. Returning to the cottage, all appetites were good for the dinner, which consisted of hot oyster stew, mince pie, tarts, coffee, cake and oranges. After the party adjourned to the parlor, Mr. Coe entertained them with very interesting stories of the early history of the lake region.

—Mr. C. B. Hibbard and wife, Miss Abby Jewett and Miss Vaughan, of Laconia, were in the party; also Mrs. Elizabeth P. Lang, Miss Clara Hoyt, Miss Bertha Jacques, Miss Elizabeth Caverly, Miss Gertrude Watson, Miss Elizabeth W. Lang, Miss Eva Beede, Mr. James Burleigh and Mr. J. F. Beede, of Meredith. All felt that they had spent a delightful day, many thanks to Mr. Coe and Mr. Towle.

—Messrs. Eastman & Proctor, jewellers, are now in their new quarters, Sturtevant block, and their large and varied stock shows to splendid advantage in the new store.

—The Y.P.S.C.B. of the Free Baptist Church will give a measuring party, Wednesday evening, March 15th. An entertainment will be given during the evening, also a state contest. Ice cream and cake will be served free. Admission according to height, 2 cents a foot.

—Rev. G. I. Bard was called again last week to Keneo to attend the funeral of Hon. W. McDuffin, who died one week from the day of the interment of his daughter—wife of Herbert D. Baird. He went home from that burial to be himself carried out before another week could close, leaving his stricken wife without husband or child.

—The annual donation and reception to Rev. N. C. Saunders will occur at the Baptist Castle, next Wednesday, March 15th, from 3 to 10 p.m. Every member of the church, Sunday school or congregation is cordially invited to be present.

—The following example is going the rounds of our exchanges: Write on a piece of paper the number representing your age, multiply by two, add 3,796, divide by two, then subtract the number representing your age, and before your eyes will be something you will never see again.

—Counting today we have enjoyed 104 days of continuous, uninterrupted sleighing. We understand that this does not occur very often in this part of the Granite State.

—A lady from Berlin was held up last Wednesday night, on the occasion of the 13th birthday of her daughter, Donna Adams. Games were indulged in, lunch served and a pleasant evening spent.

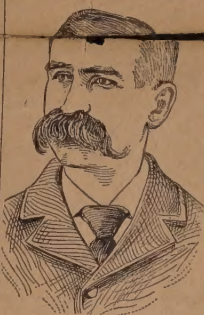

—It seems rather odd to read of bicycles being used in cold, frozen Canada, described by Rudyard Kipling as "My Lady of the Snows," while we are still enjoying good sleighing. Mother earth has been covered with a mantle of snowy whiteness since Thanksgiving Day.

—Owing to the bad weather not a very large crowd attended the Rebekah entertainment, Tuesday evening, but about fifty people enjoyed themselves very much. Music and a laughable farce were included in the exercises, followed by the peanut race, in which the first prize was won by May Davis, and the second by Mr. Fred Brown. A social promenade and games lasted till a late hour.

## MEREDITH POST OFFICE.

Considerably Enlarged, Renovated and Beautified.

Meredith at last possesses a Post Office more in conformity with the amount of business transacted with.

S. M. ESTES,  
Postmaster of Meredith.

in its portals, thanks to the combined efforts of Messrs. S. M. Estes and D. W. Coe. From time immemorial a portion of the office has been used as a jewellery store, but the mail business has assumed such extensive proportions that enlarged premises had become an absolute necessity, and since his induction into the office, last June, Mr. Estes has been working to secure better accommodation for the mail-receiving public. Mr. Coe has also worked indefatigably in this direction.

—The efforts of the two gentlemen have resulted in the complete renovation of the premises, the room now being occupied solely by Postmaster Estes and his assistants, Mrs. Estes and daughter, Mabel. The boxes have been removed from the position they occupied so many years, and now face the street. Another decided improvement is the addition of a wicket for the reception and payment of money orders. Taken altogether the change is one that will add greatly to the convenience of the public and will also give Postmaster Estes a chance to transact the Government's business in a manner impossible to perform in the cramped-up quarters so long designated as Meredith's Post Office.

—Mrs. J. F. Philbrick was in North Woodstock last week.

—The sale of A. L. Reed's tonsorial business has been declared off.

—Now is your opportunity to buy extra choice tea and spices at half price at French's.

—Only three weeks more in which to catch some of those great bargains for cash at French's.

—Below cost has French marked the remainder of his stock, as he has but three weeks to close out in.

—The first and second degrees will be worked at the next meeting of the Grange, Friday evening of next week.

## LETTER TO DR. F. L. HAWKINS, MEREDITH, N. H.

Dear Sir: You understand chemistry, how'd you like to earn \$100? Devote lead and zinc—that's the name of our paint that lasts twice as long as lead and oil—is made of white lead, white zinc, its color, turpentine dryer, and linseed oil.

If any chemist finds anything else in this point, we'll pay his bill and \$100 besides.

It's nobody's business what we put in our paint, of course; but we want it known. For lead and zinc and linseed oil are the stuff to paint with; and lead alone is not.

We want it known that one word describes the best paint in the world; and that word is Devco.

Are you going to paint?  
Yours truly  
E. W. Devco & Co.

## INVIGORATE YOURSELF IN SPRING.

You Should Strengthen, Invigorate and Revitalize Your Nerves and Blood By Taking Dr. Greene's Nervura, the Best Spring Medicine.

Your blood and nerves are your very life. When your blood is impure and thin, your nerves weak and your nerve force and power exhausted, you will suffer from all sorts of symptoms and ills. Dizziness, headache, dyspepsia, torpid liver, kidney trouble, insomnia, nervousness, melancholy, lassitude, weak and tired feelings, neuralgic pains and aches, rheumatism, tenic complaints, and many other diseases are directly dependent upon weak nerves and poor blood.

Purify and enrich the blood and reinvigorate your nerves and restore your nerve energies and power by taking Dr. Greene's Nervura the great blood and nerve remedy, discovered by that most famous and successful specialist, Dr. Greene, and all your ills, your weaknesses and bad feelings, your aching head and tired body will be relieved as if by magic. The reason is that pure, rich blood, strong nerves and renewed nerve power mean good health, and there is nothing in the world which will so effectively purify and enrich your blood and strengthen, invigorate and revitalize your nerves as Dr. Greene's Nervura blood and nerve remedy.

Especially do you need this grand remedy now, for everybody ought to take a spring medicine, and this is the true, perfect and ideal spring remedy.

Mrs. Josie Bartlett, 213 1/2 So. Grant Ave., Columbus, Ohio, says: "I take pleasure in testifying to the great benefit I have received from the use of Dr. Greene's Nervura blood and nerve remedy. I have always been of a nervous temperament, and at my business is a very trying one. I suffered from nervousness, and at night, last a distressing pain in my head most all of the time. I had my appetite and would have spent of mind-body for a day or two. I could not sleep, and my place of amusement and enjoy myself. I tried all kinds of remedies, but none would get relief for a day or two. I then decided to try Dr. Greene's Nervura blood and nerve remedy, and after taking the second bottle, I began to notice a change. I was so encouraged that I resolved to keep on with it. I took six bottles I am glad to say that I feel like a new person. I could not thank Dr. Greene's Nervura too much for me, and never tire in telling my friends what it has done for me."

You can have perfect confidence in Dr. Greene's Nervura and be sure that it will benefit you from the fact that it is a potent medicine, but the prescription and discovery of Dr. Greene, 70 Temple Place, Boston, Mass., the most successful physician in curing disease, and his grand remedy is, therefore, exactly adapted to cure. Thousands avail themselves of the privilege of free consultation and advice which Dr. Greene offers to all, whether they call or write about their case.

## Washington Letter.

[From our regular Correspondent]

March 3.—A dying Congress is about the liveliest dying thing ever seen anywhere. The last legislative day is now on, it will be practically a continuous session of both House and Senate for twenty-five hours, ending at noon tomorrow. Things have been in a grand rush all the week, and an enormous amount of work has been done. Much everything else that is absolutely necessary will get through. This avoids an extra session of the next Congress, at once, but the President and most of the leading men in Congress believe that one will have to be called inside of five or six months.

The action of the Senate in reducing the number of warships authorized to be built by the naval appropriation bill is not popular, but the reasons given by the Senators are logical and sound. They say that it would be impossible to even begin work upon more vessels than are provided for within three or four years and that it was needless to appropriate money to build them so far ahead of when they can be built. The mouths of the politicians are fairly watering over the new Census bill, now a law. It makes the Census Bureau a part of the interior department, but gives its Superintendent exclusive control over all appointments.

The Nicaragua Canal is provided for in the River and Harbor bill, although there was danger for several days that the entire River and Harbor bill would fail. The canal amendment does not appear to be the entire amount to construct the canal, as it did when first adopted by the Senate, but only provides for the beginning of the work, but as it virtually commits the government to building the canal there are few objections heard from those who have been advocating the canal for years.

No one need be surprised if months roll by before there is a formal exchange of copies of the ratified treaty of peace between representatives of the U. S. and Spain. If the administration ever was in a hurry to close this matter, Congressional opinions have caused it to see the desirability of delay. Opinions have been expressed by members of all parties that the President will have no authority to continue a military government in the Philippines any longer after peace with Spain has been officially proclaimed than would be necessary to get Congress together and submit to it the question of providing aid of leaders the nation and respect

## CORRESPONDENCE.

[The editor of the NEWS does not hold himself responsible for the views of his correspondents.]

NOT AS BLANK AS HE IS PAINTED.

Sir,—I have noticed several articles in recent issues of your paper attacking Gen'l Alger and his administration of the war dept during the recent war with Spain. I presume you have not the slightest acquaintance with Gen'l Alger, or personal knowledge of his administration, either for good or evil, and it is fair to presume that what you have said was inspired by other articles published in various eastern papers, a sensation regardless of truth. In a spirit of fairness I would suggest that you publish the article enclosed herewith, from the Detroit Free Press, the official mouthpiece of Michigan Democracy and a consistent and bitter political opponent of Gen'l Alger.

New England people have read this abuse of the Sec. of War until I suppose most of them have actually come to look upon him as a human monster. By publishing this article you may be able to show to your credit that you are not so easily misled as you are represented.

which those who know him best have for Gen'l Alger.

Yours truly,  
GEO. E. GILMAN.  
Detroit, Mich., March 4.  
(DETROIT FREE PRESS.)

The people of Michigan, especially Secretary Alger's friends and neighbors here in Detroit, will appreciate and say amen to the splendid tribute paid him by the secretary of the war investigating commission, Mr. Richard Weightman, of the Washington Post. Drawing his conclusions from the unmistakable evidences in official documents of his noble impulses and his fervent and instinctive vigilance in good works, Mr. Weightman declares that he has come to regard Gen. Alger as one of the most humane and merciful of men.

The editorial writer of the Washington paper has painted Gen'l Alger as the people of his home state and city know him, and has not overdrawn the portrait. What he has discovered concerning the sympathetic nature and kindly impulses of the secretary of war from the documents passing through his hands as secretary of the investigating commission, Gen'l Alger's fellow-citizens hereafter have known for long, through personal contact with him in various capacities, officially and socially, and through agreeable knowledge of his open-hearted and benevolent relations with his fellow-men. Mr. Weightman's tribute is not a revelation to those who know the secretary of war best, but a confirmation of the estimates of Gen. Alger to which they have steadfastly held while many unjust and undeservedly harsh and cruel things have been said against him in connection with the conduct of the war.

Mistakes in policy and methods, misjudgments in administrative matters and in the selection of subordinates; permitting political and personal considerations to figure too largely in the management of the war—some or all of these criticisms directed against the war department and its head may be well-founded. The Free Press for its part, has not hesitated to indicate its disapproval of Gen. Alger's course, in some particulars, as an official of the government. But none of these faults and failures—unavoidable so long as human judgment is fallible and human power is limited and the spoils system remains at hand to impair both—can abate by one jot or tittle the grateful regard in which Gen. Alger is held at home as a loyal-natured, philanthropic citizen.

Horrible agony is caused by piles, hemorrhoids and skin diseases. These are immediately relieved and quickly cured by DeWitt's Witch Hazel Salve. Beware of worthless imitations. For sale at Sanborn's Drug Store.

The smallest things may exert the greatest influence. DeWitt's Little Early Risers are unequalled for overcoming constipation and liver troubles. Small pill, best pill, safe pill.
